

YOU'RE INVITED
To Experience SOLBERG® 3% MIL-SPEC SFFF
at DFW Training and Research Center

**Battalion Chief Mitch Iles to Speak on
Fluorine-Free Training Experiences**

Perimeter Solutions has helped more than 100 airports and military bases transition to SOLBERG® 3% MIL-SPEC SFFF, and they will hold their next training session on this revolutionary fluorine-free foam technology on **November 7, 2024, at the DFW Training and Research Center.**

The session will include one hour of classroom instruction followed by two hours of live burn fire extinguishment using jet fuel as the ignition source. **DFW Airport Fire Battalion Chief Mitch Iles and his crew** will demonstrate and share what they have learned and how to use fluorine-free foams.

Location:

DFW Training and Research Center
1530 W 27th St
DFW Airport, Texas 75261

Agenda:

November 7, 2024
8:30 am – Breakfast
9:00 am – 1:00 pm – Program

Session will be completed by 1:00 pm

**TRAIN WITH THE FIRST FLUORINE-FREE FOAM CONCENTRATE
ON THE DoD QPL AND THE FIRST ON THE QPL TO BE
GREENSCREEN CERTIFIED SILVER®!**

SOLBERG® 3% MIL-SPEC SFFF was the first fluorine-free foam concentrate to be added to the Department of Defense Qualified Products List, and the first on the QPL to be GreenScreen Certified Silver®. With a fluorine-free foam concentrate included on the QPL, [federal regulations](#) give airport authorities and other government agencies **required to use MIL-SPEC qualified products** the ability to transition from aqueous film-forming foam to a fluorine-free solution.

Airport fire safety personnel are encouraged to attend these free training sessions, but **space is limited!**

To reserve your spot, **RSVP to Norbe Puroll** at Perimeter Solutions, by emailing norbe.puroll@perimeter-solutions.com or calling 928-606-6465.
